## Miners Convention in Calgary Favors Affiliation With U.M.W.A.

ALBERTA, EASTERN B. C. REPRESENTED AT CONVENTION

(Calgary Herald)

With the unification of all miners' locals in Alberta and Eastern British Columbia as their goal, more than 70 delegates representing 35 local unions met in the Labor Temple Monday morning under auspices of the Alberta Federation of Labor. Fred J. White, president of the federation, presided.

Harmony prevailed among the delegates who represented locals of both the United Mine Workers of America and the Mine Workers' Union of Canada as well as independent locals. By the convention had passed on all credentials, seated the delegates and adjourned to consider individually a joint statement of the officers of the U.M.W.A. and the M.W.U.C.

Opening the convention, Mr. White spoke of the confining response to the convention call. Security and protection for the miners demanded unity, Mr. White warned the delegates. He asked them to forget past differences in their efforts to attain unity.

Carl E. Berg, secretary of the federation, read the convention call reminding the meeting that the move for unification in Eastern Canada was well on its way.

Principal address of the morning was made by Tom Ewen, former secretary of the Workers' Unity League, of Toronto. Mr. Ewen made a strong plea for amalgamation of all groups under the banner of the United Mine Workers of America.

Division among miners had re-

sulted in a steady driving down of their standards of living, Mr. Ewen declared. He had found a deep desire for unity among workers in all parts of Canada.

There were too many unorganized workers, Mr. Ewen asserted. He warned the miners they must forget their old differences. Fascism was making its appearance in Canada, he charged, notably in British Columbia. Organized violence against trades unions was being urged by certain individuals in that province, said Mr. Ewen.

Coal operators themselves were discussing union, the speaker declared. He foresaw opposition to the miners' unity movement. There was even a move to set up social credit trades unions, Mr. Ewen declared.

A joint statement by officers of the two major union organizations was then presented. It promised higher wages and better working conditions and a new principle with union under the United Mine Workers of America.

All non-members of the U.M.W.A. were promised equal rights after amalgamation and a petition would be made to international headquarters, the statement declared. It further promised a referendum vote on unification and suggested that all unions apply for U.M.W.A. charters by July 1. Finally the promise was made that the U.M.W.A. would look after the striking miners at Corbin.

Editorial Note—Delegates were not present from Coleman, as at a recent meeting the vote taken on the matters was not in favor of sending delegates.

### LOCAL AND GENERAL

A case of scarlet fever has developed, necessitating strict quarantine for six weeks.

Robert F. Barnes will be a business visitor in Calgary over the week-end.

Miss Hilda Fairhurst spent the week-end with her parents, Mr. and Mrs. J. Fairhurst.

Robert Pattinson, Miss Rene Duncan, Wyndham Jones and Mr. and Mrs. Lorenzo Richards motored to Spokane for the week-end, returning Monday afternoon.

W. G. Alexander, famous analyst and vocational expert, who over 30 years ago started one of Coleman's prominent business men on the road to fame and fortune, is here this week, giving a series of lectures in the community hall.

Several car drivers have been summoned for various offenses, including speeding to the common danger on the highways and driving without a driver's license. One gentleman's car license was suspended for several days, while another gentleman who was never known to speed, so far forgot himself as to keep his foot on the accelerator when a policeman was on the lookout, and he was haled into court and fined.

Recently The Journal mentioned the planting of trees as being necessary to improve the Cameron school grounds. Miss Yuill rises to remark that years ago an attempt was made to cultivate trees and several were religiously cared for and watered, but destructive urchins of various ages made it impossible to continue the good work, for the trees were pulled up or broken down. It discouraged any further attempts.

### In Memoriam

IN LOVING MEMORY of Albert Bowling, who fell asleep May 16, 1935.

Loving and kind in all his ways, Upright and just to the end of his days, Sincere and true in heart and mind, Beautiful memories he left behind. Ever remembered by his loving daughter and wife, Muriel and Alice Bowling, Edmonton, Alta.

### ST. ALBAN'S GUILD TEA AND SALE

The Women's Guild of St. Alban's church will hold an afternoon tea and sale of home cooking in the parish hall on Saturday, May 16, from 3 to 6 p.m. All members and friends are urged to attend and help ladies in the good work they are doing for the church. You will be welcomed.

### ST. PAUL'S LADIES' AID TEA

The Ladies' Auxiliary of the above church extend a cordial invitation to all to the "Rainbow Tea" in the hall on Saturday, May 16, from 3 to 6 p.m. A sale of home cooking will also be held.

The ladies of the church are asked to donate articles of cook and help ladies in the good work they are doing for the church. This help will be deeply appreciated.

### BOARD OF TRADE MEETING AT CRANBROOK

The Associated Boards of Trade of Eastern British Columbia will meet at Cranbrook on May 21 and 22. This is an important gathering and is always largely attended by delegates from the cities and towns of the interior. It is possible visiting delegates from Coleman will attend.

### ONLY A FREE PRESS CAN KEEP US INFORMED

"Only a free press can keep us informed concerning the shackles which may be being forged for our wrists. The newspapers deserve the backing of the public as institutions as well as sources of entertainment." So said John Edwin Price, nationally known author and lecturer, in a recent address. In support of his statement he referred to the Supreme Court decision in favor of the Aberdeen (S.D.) American and News. A politician found guilty of forgery had been fined by a circuit judge \$300 and had been given a farcical sentence of six months. The newspaper termed the sentence a "pat on the back," and stating: "The honourable judge should doff his regal robes, don sackcloth and sit in ashes until his penitence is complete."

Judge Howard Babcock thereupon hailed editor and publisher into court and pronounced sentence of \$200 and thirty days each, the latter suspended pending "good behaviour, with no other condition than that you do not publish in the future articles of condemnation or contempt of court." The supreme court has reversed this decision saying among other things: "The need for a free and unfettered press is perhaps more urgent in this country today than it ever has been before."

### CURLERS' ROCKS STOLEN AT FERNIE

The secretary of Fernie Curling Club states:

We had our curling rink broken into the other night and four curling boxes were stolen and one locked box with rocks inside.

We have no one under suspicion at present but it occurs to me that someone who has a car may be attempting to sell the boxes or the rocks to some outside curler and I will be glad if you will endeavour to spread the news among the curlers in your club and if anyone does attempt to sell the boxes or rocks, I will be glad if you will let me know by telephone.

Sherwood Herchen, Sec'y.

### BITING THE HAND THAT FED HIM

A robbery recently committed of a store here was solved when it was found the culprit was a lad who had been befriended by the people whom he robbed. When his guilt was established, he threw himself on the mercy of the juvenile court judge, who, owing to the parties concerned not wishing to press the case, did not commit the lad to an institution.

### SALVATION ARMY

Friday, 7 p.m. Young People's meeting. Sunday, 10.30 a.m. District class. 3 p.m. Sunday school. 7.30 p.m. Salvation meeting. Special Self Denial altar service at 7.30 p.m.

### Scarlet Fever Outbreak Closes Schools

Sanitary Inspection Reveals Probable Sources of Disease.

Thursday morning five more suspected cases were reported and as a precautionary measure schools were ordered closed till Monday. Four cases in one school room were reported, making a total of five.

The outbreak has turned the spotlight on sanitary conditions in certain places. The provincial sanitary inspector recently reported a number of places keeping cows were not complying with the regulations, which states that no cows may be kept within 75 feet of a dwelling, well or toilet. The police report states that these regulations are not being complied with. Under the health by-laws the town has the power to order the removal of cows if the owners do not comply with regulations.

In view of the fever outbreak, it is anticipated that the sanitary regulations will be more strictly enforced, especially in regard to uncovered garbage thrown in lanes and other nuisances.

### Ultimate Consumers Tax

on charge sales must be paid at time of purchase, states a ruling of the government. The tax cannot be charged, it must be paid to the merchant at time of making purchase.

It is reported that G. R. Neil has sold his business to a Mr. Aboufasy, Wetaskiwin, who will take over in the near future.

### Retailers Now Collecting Sales Tax--Must be Paid at Time of Purchase

A second meeting of retail merchants of the Pass towns was held in the council chamber on Monday evening. Conflicting opinions on the collection of the Ultimate Consumers' Tax were heard, in which all were agreed on the objectionable method whereby it is to be collected by retailers and returns made to the provincial government.

But when it came to a vote to maintain the attitude resolved on last week of refusing to collect the tax unless a more simplified form was introduced, many weakened, and 15 voted for collection and 21 against.

Mayor Pattinson presided, and Wilfrid Dutil was secretary.

F. M. Thompson of Blairmore introduced a motion to collect the tax, which was seconded by L. L. Morgan, the vote resulting as stated above. It was stated by Mr. Cousins of Bellevue that several merchants who had agreed to the resolution of the previous meeting collected the tax next day. He criticized them severely for breaking faith with the resolution.

After a couple of hours discussion, and after the motion had been voted on, Mayor Pattinson stated that in view of the departure from the original resolution, it was of little use trying to stick to any further resolutions, for a house divided against itself cannot stand. Nothing was left therefore but for each merchant to do as he liked.

It was proposed that a provincial meeting of delegates be called

to present the views of retail merchants on the objections to the tax in its present form of collection, but no definite action was taken. Many of the merchants are not members of the Retail Merchants' Association, which constitutes a minority of the retailers of the province.

The only further development of the meeting was that application be made to have the Crown Towns placed in the exempted area for the collection of the tax, being in proximity to the British Columbia border, and owing to the towns of Michel, Natal and Fernie being easily accessible for retail trade from Alberta.

### LETTER FROM MR. COCKROFT

The reply from the provincial treasurer to the telegram forwarded last week is as follows:

Replying to your telegram of the 4th instant, I regret very much that the Government is unable to impose a tax in the manner in which you state. The privilege which the province holds at the present time is to impose direct taxes. Your suggestion would be in the nature of an indirect tax; this privilege is retained by the Dominion government.

You are aware no doubt that a Retail Sales Act was passed at the recent sitting of the Legislature and just as soon as the enabling legislation is passed at Ottawa, we will be able to change from one tax to the other and thus be able to simplify matters.—C. Cockcroft, Provincial Treasurer.

### LOCOMOTIVE DERAILED

A locomotive was partly derailed at the East Coleman crossing on Wednesday afternoon, on a by-track, mischievous children having tampered with the switch. A crew with equipment from Lethbridge replaced it on the rails. The pony truck and driving wheels were derailed.

Daily Free Delivery to all parts of the town

## Facing a Big Deficit

The discovery that the operations of the Federal government for the fiscal year ending March 31, 1936, resulted in a deficit of approximately \$162,000,000, as announced by Hon. Chas. A. Dunning in the recent budget speech in the House of Commons must have come as a considerable shock to a large percentage of the Canadian people who must pay the piper.

The shock is not assuaged at all by the additional announcement that the increase in the sales tax from six to eight per cent. which the government decided to levy will not be a heavy enough impost to enable the government to balance the budget for the current fiscal year and that on the other hand, the best that can be expected from this and other minor levies is a deficit of something less than \$100,000,000 for this year.

Not much is to be gained by any attempt to lay the blame for this enormous deficit at the door of any particular administration. Doubtless politicians within the fold of the two major political parties will rise up and assert that the other party is at fault, in the one case the former regime and in the other the present administration, while adherents of other parties, who have not yet been given an opportunity to demonstrate their ability to govern the country, will declare that the economic system is to be blamed.

The fact remains that there is a shortage of \$162,000,000 as the difference between governmental income and outgo which has to be made up by approximately 10,000,000 people and the same number of people are apparently likely to have to make up another \$100,000,000 or a little less next year. The money must come out of the pockets of these ten million Canadians and apparently the only way to get it is by increasing taxation in some form or another.

The government has decided that the loss is to be made up partially by an additional levy of two per cent. in the form of sales tax, which means by the extraction of another two cents on every dollar spent by the consumers on practically "everything manufactured and produced in Canada." Hon. Mr. Dunning stated that by this means the government is placing the burden on "rich and poor alike." Whether it will work out that way in actual practice, it is almost impossible to say at this stage, whatever the intention may be.

It is axiomatic that in the final analysis the consumer must and does foot the country's tax bill, and it is a matter of history that sometimes business not only collects the tax from the consumer but a little bit more by adding a small profit on the tax as well as on the cost of the goods and the cost of their distribution. In this way a tax sometimes becomes a pyramid by the time the goods to which they are levied reach the consumer.

The present system of collection makes this kind of thing possible and it is to be hoped that the government will take such measures as are necessary to see that the consumer is not forced to pay an additional tribute to retailers, jobbers, wholesalers and manufacturers, or any of them as a result of the increase in the sales tax.

For any government, of course, a sales tax or an increase in sales tax, is one of the easiest ways of securing revenue from its subjects. Within a couple of months people will have forgotten about the budget and that they are paying another two per cent. towards governmental administration on practically everything they buy, because it is a hidden impost.

In this connection there would seem to be some merit in the sales tax system in vogue in the State of Oklahoma where the tax is collected by the retailer and where the retailer is required to show on his bill to the customer the price of the article and the amount collected in tax as a separate item.

This system, while unquestionably irksome and cumbersome to the retailer, at least has the advantage of making the consumer "tax conscious" in the same way as has a direct income tax. Every time he makes a purchase from a nickel upward he is made to realize that he is making a contribution to the government and the amount he is contributing. If this system were in effect throughout Canada, no doubt it would result in greater pressure being brought to bear on the government to economize and might act as a deterrent in the number of requests made to the government for expenditures which might be avoided.

There are, on the other hand, some very potent arguments against the adoption of such a system of tax levy and collection. It would often result, no doubt, in efforts on the part of consumers to induce the retailers to absorb the tax and where competition is keen might result in injustice to the merchants. In addition, the time and the cost of the method of billing and collection would require, would no doubt, entail extra cost to the merchant which, under present conditions, he could ill afford.

## Sounds Like Good Idea

Children in England Learning Problems of British Railways

"Great Britain is the only country which trains its children in modern transportation," says T. R. Foster, of the Associated British Railways, in discussing a nation-wide educational program for children recently started.

"Not satisfied with mere rapid mechanical development, the heads of British railways have realized that, in the long run, the position of their roads depends directly upon public understanding of rail transport problems. Realizing that transport is for the ages and not merely for the adults of to-day, they have begun to teach the children the fundamentals of railroading, and are conducting a series of nation-wide demonstrations for school children. Over 40,000 children have attended these. Instruction in every branch of railroading, from locomotive driving to signal systems, is given to children by competent instructors, on special demonstration cars which are routed throughout the country.

"The eventual result, it is believed, will be a sympathetic understanding by the whole people of the Empire's railroad problems."

Glass dating back to 1400 B.C. has been found in ancient Egyptian tombs.

## HOW'S YOUR BLOOD?

YOU lose vital nerve force if you allow your stomach to distress you. When nervousness and rumbling and in need of a tonic—when your weight is below normal, and you feel tired-out and weak, follow the advice of Dr. Cook of 111 Walnut St., St. Louis, who said: "My daughter, Doris, (picture above) was in a badly run-down condition when she was six years old. She was thin, had no appetite and had pimples on her face, caused by faulty elimination. Dr. Fierck's Gland Medical Discovery built her up so that she ate better, gained weight and the pimples cleared up." Buy now! New size, bottles 50 cts., liquid \$1.00 and \$1.50.

## Temple To The Sun

Building in England To Have 7,500 Feet Of Gardens

A temple to the sun with 7,500 square feet of hanging gardens is rising in England in the midst of one of South Hackney's most populous districts.

It is an experiment by the Bethnal Green and East London Housing Association in which housing experts, builders and architects have worked together to evolve the "sun and air home" of the future.

"We were faced with the problem of making the flats as much like houses as possible," said the architect, J. E. M. Macgregor, "and so we provided each flat with its own private garden on the same level."

The first section of the "sun temple," containing 10 flats, each with a minimum of 200 square feet of hanging garden open to the sky, will be completed in the near future. Even on a dark day the building, with its yellow brick walls and red tile roof, suggests sunshine.

To make the gardens possible a new kind of building of pyramid shape was devised, the flats being built in receding steps around a covered hall. This hall will be let as a market.

It is one of the first buildings in the world to be built on the cantilever system.

## Received An Answer

"Good gracious!" shouted the schoolmaster, "I ask you the simple question, 'what is a fortification?' and get no answer!"

The scholars stared, but no one answered. The master tried again. Pointing to the boy at the bottom of the class, he demanded:—"Tell me, what is a fortification?"

"Two twentifications, sir," came the answer.

The local church of Hampton Wick, England, serves boiled eggs, butter, rolls, marmalade, and tea free to all who attend Sunday morning services. The vicar originated the idea and foots the bill. 2150

**Why You Should Have It**

1. Costs only 1/2¢ an hour to use
2. Takes almost no time
3. Heats in a few seconds
4. Quickly ready for use
5. Makes even heat
6. Irons at the proper temperature
7. Irons with less effort
8. Saves 1/2 ironing time
9. No fire to build
10. No soles to carry

Price as low as \$5.95! Low as \$4.95 in lots. How can you have it for so little? Write for the booklet "The Coleman's Iron" and you will receive a booklet free. The booklet tells you all about the iron and how to use it. It also tells you how to get it for so little. Write for the booklet "The Coleman's Iron" and you will receive a booklet free. The booklet tells you all about the iron and how to use it. It also tells you how to get it for so little. Write for the booklet "The Coleman's Iron" and you will receive a booklet free.

## Reduction in Insurance Rates

Hudson Bay Route Season Has Also Been Extended

Marine insurance rates on the Hudson Bay route have been reduced for the coming year and the season extended eight days, Railway Minister Howe announced in the House of Commons.

The season this year will last from Aug. 5 to Oct. 10 before surcharges are added to marine insurance. The season last year was from Aug. 10 to Oct. 7.

The earlier date of opening is qualified by the provision that no ship must pass Cape Chidley, inbound to Churchill, until the government ice breaker, the N. B. McLean, gives the word. Cape Chidley is at the eastern end of the strait.

The reduction in insurance rates applies only to hulls and machinery and does not apply to cargo. It is a premium charged by marine underwriters over and above the year round insurance carried by vessels. The year round rate covers them against accident on all trade routes of the world except a selected few. Before a vessel may enter these special trade routes, a premium has to be paid. The Hudson Bay route is one of these routes and the premium to be paid has now been reduced to 25 per cent.

The reduction of insurance rates amounts to 25 per cent. A vessel of 5,000 tons, valued at \$250,000 equipped with Gyro compass, will pay \$25 per round trip. The same boat in 1933 paid \$1,500; 1934, \$1,250; 1935, 1937. If not equipped with Gyro compass, the boat would have paid \$1,750 in 1933; \$1,500 in 1934; \$1,125 in 1935 and 1937 in 1936. Reductions result from representations to the Imperial Shipping Commission in London.

## Sound Financial Policies

Secret Of Britain's Success Opinion Of Former High Commissioner

Sound financial policies adopted three years ago are responsible for Great Britain's "muddling through" recent trade crises to world leadership in the opinion of C. Howard Ferguson, recent Canadian High Commissioner to London and former Premier of Ontario.

Mr. Ferguson, who arrived at San Francisco on the last leg of a world cruise which took him to all parts of the British Empire, declared the activity of the Mother Country was reflected in all parts of the Empire.

"There are no other countries in the world where business is as good, Great Britain leads and Canada follows. South Africa run her a close second," he said.

One of the reasons for farm failures in Canada, Mr. Ferguson believes, was the cultivation of too much ground. His 35-acre farm near Ottawa had paid him a net profit of \$1,000 per year for the past 20 years.

## A Knight Of St. George

Duke Of Kent Is Now Member Of The Order

Although St. George's Day received no general commemoration in London, special significance attached to the annual service of the Order of St. Michael and St. George held at St. Paul's Cathedral.

The Duke of Kent, appointed a Knight of the Grand Cross last year, wore for the first time the rich mantle of Saxon blue with the elaborate collar and chain over his naval uniform. The procession to the high altar consisted of other high officers as richly apparelled.

In the chapel of the order, which is part of the cathedral, the Duke of Kent's banner was ceremoniously hung, and the banners of those knights who had died during the year were taken down.

That Iceland may serve as an air base for trans-Atlantic planes flying between Europe and America is foreseen by Iceland's minister of education.

## Must Lower Trade Barriers

Revival Of World Trade Necessary To Halt Economic Distress

Declaring there is a "rising danger" of a catastrophic world war, U.S. Secretary Hull at Washington, attacked what he termed the "supreme folly" of "excessive" trade barriers.

A revival of world trade through a lowering of such barriers is necessary to halt the "virulent disease" of economic distress, social unrest, dictatorships and war, Hull declared in a speech prepared for delivery to the closing session of the chamber of commerce of the United States.

Only as the world's economic health is restored will individuals and nations develop again adequate resistance to the psychological madness that makes possible internal and external strife," the secretary of state said.

Describing the new reciprocal trade policy, Hull said that if it were scrapped, the United States would take a "fatal" step backward.

## SELECTED RECIPES

ICE BOX NEAPOLITAN COOKIES

1/2 cup butter  
1/2 cup white sugar  
1 egg yolk  
3 tablespoons milk  
1/2 cup Purity Flour  
1 teaspoon baking powder  
1/2 teaspoon salt  
1 ounce grated chocolate  
Vegetable coloring

Method: 1. Cream butter and add sugar gradually. 2. Add unbeaten egg yolk and beat mixture well. 3. Add milk and flour sifted with baking powder and salt. 4. Divide mixture into three parts. 5. Roll out one part on slightly floured board. 6. To the second part add chocolate, melted; roll this out on top of first rolled part. 7. To the third part add a few drops of pink, green or any other vegetable coloring, and roll it out on the chocolate part; roll all three together as you would a jelly roll. 8. Place in ice box overnight. 9. Slice thinly and bake in moderate oven of 350 degrees for 10 minutes. (Two parts may be used instead of three, if desired.)

## Weather Expert Retires

F. Napier Denison Relinquishes Post At Victoria

F. Napier Denison, who studied the earth's phenomena from Gonzales Hill observatory for 48 years, George Washington Coleman, 79, said he would "carry on" in the little cabin of Bakers Gulch where James Philatus Coleman, 81, died of pneumonia.

For more than half a century the two brothers had lived in the little cabin as veritable hermits, a challenge marking the boundary of their individual domains.

## Another Great Ship Scrapped

French Liner Once As Famous As New Queen Mary

Less than 24 hours after the Queen Mary left made her triumphant passage across the Clyde another great ship was dragged ignominiously up the channel, stern first, to end her days in the shipbreakers' yard. She was the 42,000-ton liner l'Atlantique which was once to the French just what the Queen Mary is to the British people to-day, and which was burned in the English Channel several years ago. Over 100 men will be engaged for about a year on breaking her up.

The tusks of elephants are regular teeth and are not shed.

It's a Hit!

A joy-dive—right where it counts in smoking pleasure! Yes, sir—that's what Ogden's Fine Cut gives you every time it steps up to a light. Satisfying! Man, a homer in the ninth with the bases full has nothing on Ogden's Fine Cut. And now that times are better, Ogden's with "Chantecler" or "Vogue" papers, is the team to bank on for full enjoyment in rolling-your-own. The purple easy-opening ribbon on each package is mighty handy for removing the cellophane wrapper.

**OGDEN'S FINE CUT**

P.S.—Your Pipe knows Ogden's Cut Plug.

## Divided By Chalk Line

Brothers Lived In Room Like Hermits For 62 Years

Death has separated two brothers, whose hermit-like existence in the hills in New York State had been divided by a chalk-line for 62 years; George Washington Coleman, 79, said he would "carry on" in the little cabin of Bakers Gulch where James Philatus Coleman, 81, died of pneumonia.

For more than half a century the two brothers had lived in the little cabin as veritable hermits, a challenge marking the boundary of their individual domains.

## Long School Vacations

School vacations in Spain are the longest in Europe, namely 122 days; those of Holland, Germany, Denmark and Italy the shortest, the Dutch pupils having from 45 to 51 days, the German from 31 to 45 days, the Danish and Italian, 45 days.

There are taste buds up and down the harlequin, or "whiskers," of a catfish, and similar buds over the lower part of its body and this fish can taste foods brought in contact with it on all sides at once.

A judge recently told a woman to speak just as she was at home. The case is still proceeding.

## Uniforms For Air Force

Are Shown In Issue Of Canadian Airway Bulletin

Foretaste of what is to come when the Canadian air mail is resumed in 1937, as current plans call for, is given in the latest issue of "The Bulletin," published by Canadian Airways, Ltd.

It shows a photograph of two officers of the company dressed in the natty blue uniforms of Canadian Airways, complete to peaked caps, with the familiar Canada Goose emblem of the company. These uniforms, it is explained, will be worn by all pilots and co-pilots on airmail runs. The first of these are worn by pilots on the Vancouver-Seattle service. The planes there have also just been fitted with complete two-way radio equipment.

## Will Add To Collection

King Edward will continue and add to the famous collection of British empire stamps left by the late king, E. Goodfellow, noted British philatelist, said on his arrival at Montreal from England. He was en route to New York to judge the philatelic exhibition which was held in Grand Central Palace.

Manitoba's honey production in 1935 exceeded five million pounds. There were more than 3,300 apiarists with 51,416 hives of bees.

Warehouses at Calgary, Edmonton, Regina and Winnipeg

## Leftist Party To Govern France With Blum As Premier

Paris.—Leon Blum, leader of the Socialist party, announced he would accept the premiership and would actively lead the leftist Popular Front, expected to govern France after June 1.

The announcement was made before the national council of the Socialist party, which had just approved a resolution calling on all workers, proletarian groups and left parties to support the new regime.

Fearing possible defections by Radical Socialists, Socialists and Communists when the Popular Front takes power, the national council's resolution appealed to all groups to keep faith with the coalition and collaborate in the forthcoming Left cabinet. If any group fails to cooperate, the Socialists indicated they would assume full responsibility of government themselves.

"France needs a strong chief in the battles to come," Blum told the council members. "You have already confided, the power in me while awaiting the more official investiture."

"I know you have confidence in me. I hope I shall merit it and I accept."

Blum, in a declaration of policy subordinated the question of the devaluation of the franc to "the graver difficulties of unemployment and misery."

Blum, whose speech was eagerly awaited by traders in a nervous bourse, declared Socialists are "always hostile to devaluation," but stressed that "these financial difficulties are less grave" than the social welfare of the nation.

He blamed internal discord as making possible speculation against the franc.

"Financial problems are important problems," said Blum. "But the same they are less grave than problems of war and peace, less grave than unemployment, misery, low salaries and they do not touch the life of the people."

### To Tour America

2,000 Britons Will Use Automobiles In Sight-Seeing Trip

New York.—At least 2,000 Britons will see North America this summer in their own automobiles, according to Graham Lyon, a member of the special rally committee of the Junior Car Club of England.

Lyon debarked from the liner Berengaria and said the first contingent of British motorists would arrive with their cars on the Queen Mary's maiden trip, scheduled to land at New York, July 27. After a motor tour of the United States, with stops at Washington and Detroit, the group is to embark for home at Montreal.

### Flax Association

Winnipeg.—To aid in the production and marketing of flax, the Canadian Flax Association has been formed here. Many prominent members of the Winnipeg Grain Exchange joined the new organization.

## Germany Surprised Over Absence Of Queries On Rhineland

Berlin.—The German foreign office, studying a British questionnaire on Chancellor Hitler's suggestions for European peace, expressed surprise and suspicion over the absence of queries on Rhineland fortifications.

The questionnaire, prepared by the British government on behalf of the remaining Locarno powers, was handed to the German government.

Although the complicated document contained a broad inquiry into Dr. Fuhrer's April 1 proposals to gether with a request for a more precise statement on Germany's colonial demands, the questionnaire dropped completely all interrogations on German forts in the re-occupied Rhine zone.

"Hitler proposed, as a counter-suggestion to the London Locarno accord, establishment of a three-man international commission to supervise the Rhineland during a four-month 'armistice' period during which peace negotiations would be carried on."

### Stand Behind League

Premier Hertzog Says Sanctions Must Be Continued

Cape Town.—"If the league is to do its duty it must maintain and continue sanctions. If necessary for years," declared Prime Minister J. B. M. Hertzog in a debate on the Italo-Ethiopian situation in the house of assembly.

"If that is done Italy will be compelled eventually to give in," the prime minister said. "We must first be certain if the league proposes not to continue sanctions. If that happens the league will be dead. No country would desire to continue a member of a league that had proved a broken reed. Within a few days we should know whether the league is dead or not."

The South African representative at Geneva will be instructed to support "to the utmost any measure necessary to preserve the league's prestige," General Hertzog told the assembly.

He concluded by declaring it would be "sheer folly" to refuse to consult Britain and other members of the British commonwealth of nations in regard to South African defence.

Outside the assembly, Deputy Prime Minister J. C. Smuts, in an interview, declared "either member nations must now stand by the league to the utmost or the league will go down before the Italian attack and the world will be confronted with the alternatives which faced it before the Great War."

General Smuts said he was for doing the "straight thing, namely standing loyally behind the league until Italy is compelled to make peace within the terms of the covenant."

### C.P.R. Directors

Sir Edward Beatty Re-Elected President And Chairman

Montreal.—Sir Edward Beatty was re-elected president and chairman of the board at the annual meeting here of the Canadian Pacific Railway Company. D. C. Coleman was named vice-president.

Re-elected to the board of directors were S. D. Coleman, John W. Hobbs, R. C. McLaughlin, Sir Edward Peacock and W. N. Tilley, while the executive committee will be composed of Sir Edward Beatty, Mr. Coleman, Sir Herbert S. Holt, Mr. Tilley, Sir Charles Gordon and Ross McMaster.

### Radio Talks

London.—Prime Minister Baldwin stated in the House of Commons he understood that the British Broadcasting Corporation hoped in the autumn to inaugurate a series of talks from the capitals of the leading Dominions.

### President Roosevelt's Visit

Ottawa.—Premier Mackenzie King told the House of Commons he hoped President Roosevelt would visit Ottawa this summer.

### General Divorce Law

Law With Jurisdiction Over Whole Country Is Advocated

Ottawa.—A general divorce law, passed by the Dominion parliament and creating a divorce court with jurisdiction over the whole country, was advocated in the senate by Lendrum McMeans (Cons. Winnipeg).

If this proposal was not agreeable, he said, legislation should be enacted giving each province the right to regulate its own divorce laws. No general divorce act had been passed by the Dominion parliament with authority over divorce legislation. While changes had been made from time to time in the law in England none of these had been carried into Canadian provinces where divorce courts were operating.

The Winnipeg senator was speaking in the debate on the bill to prohibit remarriage of guilty respondents in divorce cases. Liability for prosecution for bigamy is proposed in the measure for violation of the proposed provision.

### Huge Sum For Defence

Australia Spending Fifty Times As Much As Canada

London.—Asked in the House of Commons, whether any of the Dominions were increasing their defences, Malcolm MacDonald, Dominion secretary, referred to the increase of \$2,500,000 in the Canadian defence estimates. He said he understood some further increased provision for the air force might be made.

Australia, the Dominion secretary added, was engaged in a three-year defence program costing £20,000,000 (Australian). South African defence plans had recently been announced at Cape Town. He said the Australian expenditure was mainly on naval armaments, while the greater part of the South African program was to be devoted to air force expansion.

### Cheered By Women

Mussolini Addresses Crowd Of 50,000 Before His Palace

Rome.—Premier Mussolini told 50,000 cheering women gathered before his palace that Italy's victory was partly due to her women.

To his enthusiastic admirers he Duce shouted: "Fascist Italy, surrounded by a sanctorial siege organized by 52 countries, thrust upon you a task to which you were equal!"

"The country expresses its gratitude to you and tells you your example will remain memorable in Italy's history."

The women cheered Mussolini until he had to make seven consecutive appearances on the balcony. Some of the women carried a big placard reading: "Duce—Our Sons belong to you!"

### Protect Palestine

Extra Troops Sent To Jerusalem And Other Points

Cairo, Egypt.—Authoritative sources said two companies of infantry totalling 300 men were sent to Palestine as reinforcements for troops at Jerusalem and other cities. The soldiers left in Royal Air Force planes.

The normal Palestine garrison of British troops consists of 1,970 men of all ranks, including two battalions of infantry totalling 1,766 men. A detachment of tanks is to be sent to Palestine from Alexandria.

### FUNDS RESTORED

Right Rev. J. C. Roper, Lord Archbishop of Ottawa, who presided at the meeting of the Anglican Synod of the Ottawa Diocese, and informed the Synod that all funds originally lost in Western Canada in 1933 had now been restored.

### New Investigation

Probe Mysterious Disappearance Of Ambrose Small, 17 Years Ago

Toronto.—A new investigation pertaining to the mysterious disappearance of Ambrose Small 17 years ago was under way by police at the investigation of Attorney-General Arthur Roebuck.

Renewal of active police work followed the filing of affidavits by Paul Blinds purporting to shed new light on the disappearance of the millionaire theatrical owner. The affidavits were in support of a motion asking an injunction against the estate of the late Mrs. Ambrose Small restraining distribution of the estate's assets.

After hearing the nature of the documents, Mr. Roebuck ordered the Osgoode hall offices be kept open and instructed Major-General Victor Williams, provincial police commissioner, to begin an immediate investigation.

### Royal Mint Busy

Turning Out 5,000 Silver Dollars Daily Says Finance Minister

Ottawa.—The royal Canadian mint is minting 5,000 silver dollars daily, half its capacity, Finance Minister Dunning told Tom Read (Lib., New Westminster) in the House of Commons.

Mr. Reid had asked what arrangements had been made either by the Bank of Canada or the Dominion government to meet "the heavy demand for silver dollars in British Columbia." Mr. Dunning said the coins were issued to meet requests of the chartered banks.

### Member In Good Standing

Canada's Fees To League Are Fully Paid Up

Ottawa.—Canada is a fully paid up member of the League of Nations because since 1920 the Dominion has paid in fees and other expenses incidental upon its league membership \$42,610.98, according to a return tabled in the House of Commons. The expenditures cover maintenance of an advisory officer at Geneva, expenses of delegates to league assemblies, international labor conference and other parleys.

## Says Farm Implements Have Improved In Quality and Efficiency

### Likely To Lower Prices

Damaged Ears On Export Cattle May Mean Less Revenue

Ottawa.—Selling price of Canadian cattle, shipped as stores to the British market, may be reduced at least \$10 a head when their right ears show damage from tears, frost-bite, punch marks and other defects, according to advice received by the Dominion department of agriculture's live stock branch from the Canadian government animal products trade commissioner in London, England.

Cattle with right ears so disfigured may not, after the required period on feed in Great Britain, be eligible for the subsidy paid by the British agriculture ministry on cattle yielding 54 per cent. of beef carcasses, the department was informed. As a result buyers discount them by at least \$10.

The department said British auctioneers were showing anxiety about the effect on prices generally if doubt arose among farmers they would receive cattle not qualified for the subsidy.

### Plot Is Suspected

Says Public Mind Poisoned Against The C.N.R.

Ottawa.—The public mind is being poisoned against the Canadian National Railways, Hon. H. H. Stevens warned the House of Commons and he wondered if some gigantic plot was afoot to hand over the system to private hands at a fraction of its cost.

The man who led the Reconstruction forces in the general election but succeeded in electing only himself provided the highlights of the budget debate. He presented a 12-point recovery program to the government.

Mr. Stevens said he could not support the C.C.F. budget amendment because of its suggestion of a capital levy which was Socialism. There was plenty of room for progressive and even radical action without resorting to Socialism.

### Praises Vocal Talent

Adjutant General Says Singing In West Best He Has Ever Heard

Vancouver.—Arthur Crämmer, baritone, and D. T. Yacumini, Italian musician, praised the vocal singing they had heard in Canadian cities. They are adjudicating at the British Columbia music festival.

"I have heard in Canada the loveliest unaccompanied ensemble singing I have ever heard anywhere," Mr. Yacumini commented after hearing recitals at the festival here. He was not referring to Vancouver singers only, he pointed out, but to all those whose talents had been tested in festivals he had attended from Manitoba to Vancouver Island.

Mr. Crämmer, who is visiting Canada for the first time, had similar praise for the choirs.

Ottawa.—Farmers have better implements to work with now than 20 years ago, according to Dr. J. M. Armstrong of the central experimental farm who laid before the house committee of agriculture charts to indicate how farm implements had improved in efficiency and durability.

Some of the farmer members of the committee were inclined to question Dr. Armstrong's statements, saying there was a general belief among the rural communities that present-day equipment did not stand up as well as 10 years ago.

The oft-repeated argument whether tractors or horses were the more economical burst out with champions of each method entering the debate. There are some 81,000 tractors in use in the west.

The committee is conducting an inquiry to find out if prices of farm machinery are too high. The committee is touring the country from \$5,000 to \$6,000 a month, W. J. Ward (Lib., Dauphin) said in urging more direct method of sending a subcommittee to visit the manufacturing plants.

### Victoria Cross Hero

Parents Of Hugh Cairns Of Saskatoon Will Attend Ceremony At Vimy Ridge

Ottawa.—The aged parents of Hugh Cairns of Saskatoon, a Victoria Cross hero whose memory the town of Valenciennes is honoring by renaming after him l'avenue de la Tourelle, will go to Vimy Ridge with the Canadian Legion pilgrimage. They will also attend the ceremony at Valenciennes when the street is formally rededicated to bear the name of their heroic son.

Thanks to the patriotic activities of the group of Saskatoon business men, a sufficient sum has been subscribed to enable Mr. and Mrs. Cairns to go on the trip.

Sergeant Cairns won the coveted symbol of supreme bravery on November 1, 1918, in the streets of Marly, a suburb of Valenciennes. He was wounded in the operations and died next day.

### Fatally Wounded In Riot

British Doctor Shot While Trying To Rescue Ethiopian

London.—Dr. A. J. Melly, chief of the ambulance corps of the British Red Cross unit in Ethiopia, died in Addis Ababa from wounds received during rescue work in the recent rioting.

His gallant attempt to succor a wounded Ethiopian during an exchange of shots on the principal streets of the capital ended Dr. Melly's death. Driving by in an automobile, he stopped to pick up the wounded man, and while doing so was shot in the chest by another native.

He was brought to the British legation, but failed to respond to medical aid. A sister lives at Calgary, where he visited occasionally.

## British Government Favors Continuance Of Sanctions Against Italy

London.—The British government favors continuance of sanctions against Italy for the present, it was understood in informed quarters, but it was considered doubtful that the government would be prepared to continue sanctions indefinitely as urged by the face-saving arrangement of placing a puppet emperor on the Ethiopian throne. The situation would be further improved were Italy prepared to negotiate on the basis of the 1906 treaty defining the spheres of influence in Ethiopia among Britain, France and Italy.

Premier Mussolini has made a number of press statements indicating he is ready to recognize British interests in the Lake Tana region

but since the collapse of Ethiopian resistance the British and Italian governments have had no exchange of views.

The situation was debated in the house of lords when Lord Ponsonby, Labor, put a question the government asking whether it was making preparations for a thorough revision of the system of collective security in view of the recent experiences. He said he hoped the government would decide that Article XVI of the league covenant must go.

"I am absolutely sick of the phrase 'collective security,'" the Labor peer said. "It has been shown to be neither collective nor security."

In the House of Commons the opposition Liberals tabled a motion urging the government to take the lead at Geneva in "advocating the maintenance and intensification of sanctions until a settlement of the Italo-Abyssinian dispute is reached by accordance with the principles of the covenant."

### NAMESAKES AT CHURCH GATHERINGS

Rev. E. A. Archibald (left) of Grand Falls, N.B., president of the Maritime Conference and Rev. A. D. Archibald (right) of Vancouver, B.C., president of the British Columbia Conference of the United Church of Canada, were re-elected recently in Toronto when attending important church committees. Distantly related, these namesakes entered Pine Hill College at Halifax together, and became known as "the heavenly twins."

## NOTES AND COMMENTS

AN HONORABLE MAN who borrows money for any purpose whatsoever makes every effort to pay it back in the time agreed on. Because untoward circumstances may develop which make it difficult for him to meet his obligation on time, he may ask for an extension, and if he has a legitimate reason, he is granted such. But under no consideration will he repudiate his debt, either as to repayment of capital or the payment of the interest agreed on. He regards his word as good as his bond.

YET IN THIS province a distorted influence is at work which if continued will have the effect of influencing people with weak wills to consider that a debt is an obligation no longer to be honored. Money was borrowed by this province (not thrust upon it) to make improvements. The province hadn't the money, consequently it was sought in outside money markets, and borrowed on specified terms as to repayment with interest. Highways were built, public buildings were erected, many services were carried on, with borrowed money. But now there is a complaint on the part of the premier of the crushing burden of interest which he would reduce by compulsion and break the contracts under which the province borrowed the money. It cannot be called repudiation, he states, but "technical default." Disguise it by whatever name he will, it is a repudiated agreement, if the original terms are not carried out, especially when it is done without consulting the creditors as to the terms of settlement. There are all too many who regard debts lightly, and who are willing to seize on any excuse to ignore their financial obligations. Premier Aberhart in playing to the gallery for popular support and in drawing a red herring across the trail of his promises to pay \$25 monthly with no increased taxation, is using very bad judgment and undermining the credit of the province. It can only lead to further loss of confidence and prestige in the eyes of people who are not swayed by religious emotion and mob appeals.

SOME HAVE expressed the opinion that Emperor Haile Selassie was a quitter because he left Ethiopia when he found that defeat was inevitable. But it must be remembered that he had wild tribes of his own countrymen to contend with, who did not take kindly to western ideas of civilization, and who knew little or nothing of what membership in the League of Nations meant to them. Had the emperor remained in Ethiopia, it is probable himself and family would have been victims to the fanaticism of his own wild tribesmen smarting under the Italian yoke and who would have blamed him for his attempts to introduce civilization among his people. World sympathy is felt for Haile Selassie, who has attempted to elevate his people to a higher plane, who relied on the League of Nations to see that his country was not oppressed by an invasion by a foreign power. But he leaned on a broken reed, for the League was of no protection whatever.

LISTENING to a gentleman lecturing this week, we were impressed with his statement that there are just as many opportunities to-day for young men of energy and vision as there were in the days of their grandfathers. The will to do is the principal thing in lifting a man from the rut. Without that he is beaten and will not travel far. He told of a young lad, son of a charwoman, wishing to learn railroad office work. He couldn't get a job, because there were no vacancies. But not to be denied, he offered his services to a local agent in exchange for being taught the rudiments of the work. So apt a pupil was he that subsequently he was employed as a helper when business increased, and later he was given a station in a fair-sized town. That lad made the opportunity for himself to learn the business he wanted to.

RELIEF TO MANY is demoralizing. The story vouched for as true, is told of a man employed as choreman in a city building. His wages were possibly \$15 a week. He worked satisfactorily for a year, then one day asked his boss to fire him, and give him a certificate stating he had been discharged. The boss wondered why. The man told him he could get more by going on relief. Is it any wonder that tax-payers are realizing they are being made to pay relief costs in taxes to keep men on relief rolls who simply will not work? It is reported that men refused to leave relief camps and go on railroad work. The time is coming when able-bodied men will be compelled to work or go hungry. Relief with many has become just another "racket."

### LLOYDMINSTER SHOULD BOOM

Business in Lloydminster should boom. It is on the Alberta-Saskatchewan line and is therefore exempt from the new two per cent Alberta sales tax. You are not taxed if your purchases do not exceed fifteen cents. Folks are having a lot of fun running here and there making separate purchases so as to dodge the tax. Merchants in towns on or near boundary lines might do well to advertise "trade with us and save shoe leather."

Miss Margaret McDonald will be one of the 1936 graduation classes at Alberta University tomorrow (Friday) having gained the degree of Bachelor of Science and Household Economics. Her parents are attending the graduation exercises and they will return at the weekend.

Tommy Flynn has one more horse than he counted on. His mare returned to town after a winter on the range, with a handsome little colt. Wasn't he surprised and proud!

Mr. and Mrs. Al Lonsbury of Rossland spent a few days visiting Mr. Lonsbury's parents.

### LAND OF EVANGELINE WILL CELEBRATE

Nova Scotia's Hospitality Will Be  
Extended at Apple Blossom Time  
in Famous Annapolis Valley

With the coming of spring, the people of Nova Scotia turn their attention to what has become a national affair. For the fourth successive year, the people of that section of the province known as the Annapolis Valley, or Land of Evangeline, will gather in the heart of Blossomland to pay homage to the flowering of trees old and young. For over three centuries apple trees have bloomed throughout this historic land, each year increasing in beauty until today Nova Scotia is proud to possess the largest single apple belt in the British Empire. During the early days of June, millions of trees burst forth with quillions of blossoms, creating a veritable pink and white fairytale through which one may drive mile upon mile enraptured by a scene unrivalled anywhere in the world.

Throughout the entire valley school children are rehearsing for their part in the pageantry of the festival, for the folk songs and the folk dances of old England play a prominent part in Nova Scotia's Apple Blossom fete. In fact, youth and beauty reign supreme the first week in June. Princesses from towns throughout the valley have their day when charming young maidens in their teens or early twenties enter into competition for the crown annually awarded the Apple Blossom Queen.

The coronation ceremony is one of the outstanding features of the festival, and as the premier of the province places the crown on the Queen-elect, a chorus of one thousand voices, supported by a symphony orchestra, salutes her in song. The ceremony is held in the setting of apple blossoms where the Queen's throne is erected. Military and civilian bands, mounted police and regimental units contribute a highly colored touch, which combined with the music of the trained choruses and orchestras, create a scene long to be remembered.

Empire Interests Interwoven  
Nova Scotia's Apple Blossom Festival is another link in the Empire chain. Last year, the Queen of the festival was selected to represent Canada at the annual Imperial Fruit Show at Cardiff, Wales, and charming Margaret Messenger was an ambassador of goodwill, making a splendid impression at the Empire functions. This year there is a possibility of an English girl, representative of the apple industry of Great Britain, coming to Canada for Nova Scotia's fourth annual apple blossom festival. If she comes, the people of the Land of Evangeline will welcome her with open arms.

## GROVELLING FOR BUSINESS

(Hanna Herald)

The Drumheller Review has come out with an announcement that it is now the Social Credit organ for Drumheller district and will Social Credit people please ask the merchants with whom they deal to advertise in the Review.

Shades of the immortal editors of the past, what is this newspaper business coming to anyway? Is advertising to be given out by business men on the basis of the political feelings of their customers or on the basis of the amount of business it will attract legitimately?

If this plan is followed through to its logical conclusion all Liberals will patronize only those stores who support a Liberal newspaper with their advertising, and the same with the Conservatives, C.C.F. and U.F.A.

A good newspaper's columns should be free to all news and all opinions, but the editorial page, wherein the editor elucidates his own views, gives the opinions of the paper.

An advertisement is put in a newspaper because of its circulation and the interest with which people read its columns. It is presumed that if a newspaper is read that the advertisement will be read too.

This business of a newspaper being an "organ" of any kind is the bunk. A newspaper which is an "organ" plays a one-string fiddle. (Pardon the mixed metaphor).

Bob Edwards, now dead for some years but who once brilliantly edited the Calgary Eye Opener, made a suggestion in his own inimitable way, when the Conservative Government at Ottawa had taken over the C.N.R. He suggested that no Liberals be carried in C.N.R. trans. He wouldn't even let them on the platform.

That's carrying the political idea through to its logical conclusion.

Well, the Hanna Herald is not going to be an organ for anything or anybody. We'll play our own tune or none at all.

What the country needs is fewer "organs" and more budgets to give a few clear notes carrying the country back to a sense of responsibility and away from bigotry and prejudice.

This catering and groveling for a little extra business is obnoxious. Newspaper editors should follow the attitude of the famed Cyrano.

"What would you have me do, cried Cyrano.

Make my knees callous and cultivate a supple spine?

Scratch the back of anyone that digs up gold for me?

Seek instructions, favor, influence?"

And his answer:

## Thirty-Six Million in One Hand

Eight cheques totalling in value no less a sum than \$36,755,430 changed hands on May 1 when the Canadian Pacific Railway paid off the balance in principal and interest due of the sixty million dollar loan contracted in 1933, and guaranteed by the Dominion Government at that time. It will be remembered that in June of that year the Canadian Pacific had to raise the sixty millions to meet maturing obligations. The money markets of the world were then feeling the full effect of the financial crisis and were closed with the result that it was not possible for a Canadian institution to borrow so large a sum on advantageous terms. The Canadian banks therefore agreed to combine in making this loan, but as an added measure of security to the banks, the Dominion Government agreed

"No, thank you! No, I thank you! And again I thank you! But for me: to walk in my own way and be alone.

Free with a mind to see things as they are.

I am too proud to be a parasite."

## ST. ALBAN'S CHURCH NOTES

Next Sunday is the fifth after Easter, commonly known as Rogation Sunday; the season of intercession for the seed sown in the earth. Services will be:

11:15 a.m. morning prayer and address, at which Coleman Girl Guides, Rangers and Brownies are cordially invited to be present in a body for divine worship.  
12:30 p.m. Sunday School.

## LOCAL NEWS

Mr. and Mrs. J. Atkinson, Sr., accompanied by Jonity and Mary, motored to Lethbridge on Saturday.

The dance pavilion at Crows Nest Lake was attended by a small number last Saturday evening, though the orchestra, it is reported, was very good.

David Hofer, of Mayburt, was a visitor in town last week. He is teacher in the Hutterite colony in that district, near Lethbridge, and while here visited friends.

Mrs. Andrew Dow, with whom so many are familiar at the Palace theatre, is taking a month's holiday from Vancouver and other coast points.

William Borrow, who returned last week from Alberta University, is now employed as clerk in McBurney's drug store. He is studying in pharmacy at the university.

Mr. and Mrs. E. W. Beart were visitors at Cranbrook last week, visiting their daughter. While there he visited the Canadian Legion club getting information concerning costs, in connection with the proposed club building in Coleman. He states Cranbrook has a very fine club building.

Mr. and Mrs. A. R. Davidson moved from the house owned by Mr. G. R. Powell to the house on Main street west of Antrobus' Shoe Store, which has been vacated by Mrs. Brennan and children, who have gone to Aldersyde, where Mr. Brennan was recently appointed C.P.R. agent.

Palace Theatre, tonight and Friday, double feature, "Man Hunt" and "Boulder Dam." Saturday and Monday, Fred Astaire and Ginger Rogers in the sparkling extravaganza "Top Hat," the most popular and gayest feature seen on the screen this year. Two shows on Saturday evening, and children's matinee in the afternoon at two o'clock.

## WORLD HAPPENINGS BRIEFLY TOLD

The Balkan entente considered a proposal to constitute itself into a little League of Nations for south-eastern Europe.

The Soviet government announced it had accepted a British offer to begin negotiations for concluding an agreement on naval armaments.

In the last three years \$1,017,504 has been spent on Royal Canadian Mounted Police barracks and officers' residences. Hon. Ernest Lapointe, minister of justice, announced in the House of Commons.

Sir Edward Beatty, president of the Canadian Pacific Railway, has consented to open Vancouver's golden jubilee celebrations this summer. Mayor G. G. McGeer of the coast city, announces.

The post office sustains an annual loss of \$4,278,254 per annum in carrying newspapers "and other similar periodicals at a cut rate for this class of mail." Postmaster General Elliott told the House of Commons.

Newfoundland's hardy seamen came in for further praise in the British House of Commons when Winston Churchill, Conservative, urged the admiral to hold out hope that a training cruiser would be re-established for Newfoundland.

South Africa has informed the British government that in no circumstances will it consider the question of transferring the mandated territory of southwest Africa to another power, it was learned authoritatively.

Vancouver is to have a civil bureau of identification containing citizens' photographs, signatures and index fingerprints. Superintendent H. Darling of the Vancouver police criminal investigation department announced. The scheme will be voluntary.

## General Counsel Retires

Announcement Is Made Of Changes In C.P.R. Legal Staff

W. H. Curle, K.C., general counsel, Canadian Pacific Railway Company, retired under pension regulations on May 1, Sir Edward Beatty, chairman and president announced.

He is succeeded by E. P. Flintoff, K.C., present general solicitor. Geo. H. Walker, K.C., assistant general solicitor, succeeds Mr. Flintoff.

Mr. Curle studied law in Toronto in association with Sir William Ralph Meredith, former chief justice of Ontario. After completing his studies he practised law with the firm of Scott, Scott, Curle and Gleason, proceeding in 1908 to Winnipeg as assistant solicitor of the Canadian Pacific.

He was made Winnipeg solicitor in 1910, resigning to practice law in Winnipeg in 1912. He rejoined the railway company in 1917 as general solicitor in the law department, Montreal, and was appointed to the position of general counsel for the company in 1920.

## Passes First Test

Stabilizing Gear On British Ship Eliminates The Roll

Life on the rolling waves may now be enjoyed—without the roll!

When the steamer Isle of Sark, first British ship to be fitted with stabilizing gear, arrived at Jersey on her first passenger test, there was not a pale passenger among the 140.

Part of the secret is fins which can be put outboard in rough weather by hydraulic pumps.

## According To Height

Fares in Vienna street cars are paid according to height. Whereas in most European cities ten years is the dividing line between half and full fares, there 130 centimeters, or four feet four inches, marks the half fare limit. Standing more than that means that the passenger is grown up. In cases of dispute the conductor refers to a yard stick carved into the door frame.

Both peaks of the famous Mount Ararat are now within the boundaries of Turkey as a result of the boundary treaty signed by Turkey and Persia in 1922.

## Starts Flying School

Irishman Believed To Be World's Only One-Legged Instructor

One-legged J. J. "Paddy" Flynn, black-haired, blue-eyed Irishman, has just booked his first pupils in his own flying school in Doncaster.

When Imperial Airways City of Washington crashed near Newcastle, France, in 1930 four people were killed. "Paddy," her pilot, lived. But he fractured his spine and skull; lost one leg, broke the other in four places; smashed his ribs; spent the next two years in the hospital, had nine operations.

Now the Irish air ministry has given him special permission to give flying instruction in his own school.

He believes he is the only one-legged licensed instructor in the world.

Before the City of Washington crashed, "Paddy" had carried 31,000 passengers, flown at least half a million miles. When he recovered Imperial Airways gave him a job in their accounts department.

But the little man with the cheery grin, who stumped around with a tin leg and a rubber-shod stick, could not stand that.

He had an aeroplane specially fitted for him and got back his "A" private flier's license.

He has now five "school" machines of his own.

An R.A.F. officer in the war, he fought the Richthofen squadron of "blood red" scouts. Then he went home to Ireland to fight against the English.

When the English left, "Paddy" founded the Free State air force with war-time Bristol fighters, and D.H.9's to fight the Republicans. He and his men carried homemade bombs aloft in beer bottle baskets and slung them overhead.

## Reduced Railway Fares

Low Excursion Rates Both East And West Are Offered

Every inducement to travel this summer in Canada's famous holiday centres both east and west is suggested in the excursion fares announced by the Canadian Passenger Association through its western secretary, Joseph B. Parker. Summer fares on the Canadian Pacific and Canadian National railways offer unusual advantages in economy on the part of the traveller and in length of time allowed on the special rail tickets provided for.

Three kinds of tickets, first class, tourist and coach classes from western Canada to points in the east will be on sale from June 1 to August 31 and will bear a final return limit of September 30. In addition to this, special fares for return limit of October 31 will be offered from May 15.

To Vancouver, Victoria and New Westminster from the prairie provinces, giving opportunity for travel through some of Canada's most romantic scenery, low summer tourist fares will be in effect from June 1. This will bear a time limit up to September 30 and will provide a choice of travel in tourist and first class accommodation. Tickets with still longer limit will be effective from May 15.

Added to these will be summer fares in effect from western Canadian points to the great mountain resorts along both railways in Alberta and British Columbia.

## Levels Of Conversation

Referring to levels of conversation, the Rotarian Magazine says there are three of these: "On the lowest level, one talks about things; on the middle level, about people; and on the highest level, about ideas." The Hamilton Spectator suggests that "there is a lower level than any of these, when one talks nonsense." But, says the Toronto Star, after all, there is still a lower one: when one talks only about one's self.

## Paints With Right Foot

Alexander Klein, a Rumanian Jewish war veteran whose hands have been paralyzed for 17 years, has opened an exhibition in Vienna of pictures he painted with his right foot. Klein started training himself to paint with his foot shortly after he became paralyzed as a result of injuries suffered at the front.

The nerve centre of the octopus is in its eyes. For centuries, Hawaiians have killed octopuses by biting their eyes out, "knowing that this causes quick death."

## Farmers' Creditors' Arrangement

Stated That Reductions Effected Total Over \$15,000,000

Since the Farmers' Creditors' Arrangement Act became operative some 18 months ago a total of 11,011 settlements, involving \$15,127,476 of debt, have been effected according to the first report of the committee in charge, tabled in the House of Commons. Reductions actually effected totalled \$15,341,430, with an annual interest saving of \$1,228,715.

The report sets forth that 19,091 farmers submitted proposals, and 11,011 settlements had been made, with an average annual interest saving to individual debtors of \$131.28.

In addition to such value as may be placed on the work accomplished, in the comparatively short period, says the report, "there is a noticeable getting-together throughout Canada of the debtors and their creditors outside the purview of this act, but attributable to the legislation, with a view to friendly adjustment of their problems by voluntary arrangement; and it is a matter of record that many thousands of such settlements are being effected without recourse to the official receivers and without cost to the government."

Settlements effected under the act, by provinces, include: Ontario, 1,261; Manitoba, 875; Saskatchewan, 1,182; Alberta, 1,041, and British Columbia, 86.

In addition to this total of 6,118, voluntary settlements accounted for 4,893 making a total of 11,011.

Indications of boards being congested is noted in the report which records that one board has had 2,967 cases before it. Of these a total of 1,261 have been arranged.

## Vagrant Planets

Astronomers Are Interested In A New Discovery

Astronomers feel that now it can be told. Last February there was a whole lot of anxiety round about where the practitioners of this science gather. A Belgian member had pinned down a new minor planet. It isn't much as a planet, just pin-size really, but at that it thinks highly of itself and has started trying to keep up with Mars, Venus, Mercury and, finally, the Earth. That is how it came that in February of this year it got uncomfortably near us, well within 1,500,000 miles. With astronomers that is practically showing.

Most of these minor planets know their place. They keep 50,000,000 miles away, and probably if they ever get a good look at us through a celestial telescope think that that is near enough.

The astronomers have got the adventuring one named, Anteros, but they aren't sure how long he will linger around in his present company. "Gravitational disturbances" is the diagnosis. This may throw the little chap into very long orbit over a long period or, perhaps, if things get too rough, eject him from the planetary system. What a planet does then is not clear. Perhaps he goes off and gets some other system which isn't so snooty to take him in.—Winnipeg Free Press.

The Vicar—"I want to speak to you, Fishner, about the milk you have been delivering lately—we don't require it for christenings."

From 65 to 70 per cent of the world's supply of antimony comes from the Chinese province of Hunan.

## MEMBER FOR VICTORIA DIES

The first vacancy by death in Canada's House of Commons elected last October was created when D'Arcy Britton Plunkett, 64, Conservative member for Victoria, B.C., died in hospital at Ottawa after a brief illness with pneumonia and complications.

## Win Challenge Cup

First Saskatchewan Mounted Rifles At Lloydminster Awarded Trophy

The Department of National Defence announced the First Saskatchewan Mounted Rifles with headquarters at Lloydminster, Sask., won the White challenge cup for 1935 with a score of 387 marks.

The cup was donated by Brig.-Gen. J. B. White for the general efficiency competition in connection with the non-permanent active militia cavalry units in Canada.

Other regiments with headquarters and marks obtained include: 14th Canadian Light Horse, Climbax, Sask.; 37th, 16th Canadian Light Horse, Yorkton, Sask.; 37th, Fort Garry Horse, Winnipeg, 356; 15th Canadian Light Horse, Calgary, Alta.; 34th, 19th Alberta Dragoons, Edmonton, 339; Alberta Mounted Rifles, Vegreville, Alta.; 339; British Columbia Dragoons, Vernon, B.C.; 366; British Columbia Hussars, Kamloops, B.C.; 320; South Alberta Horse, Pincher Creek, Alta., 305.

## New Cancer Ray

Strengthens Hope For More Powerful Weapon Against Disease

First experiments with a new, long sought cancer ray, nearly twice as hot as X-rays to malignant growth, but comparatively cool to healthy flesh, were described in the American Society of Clinical Investigations.

The ray is a neutron beam, developed at the University of California. Its first application to cancer strengthens hopes of medical science for a more powerful weapon against cancer.

The experiments were on mice at the University of California by Dr. John Lawrence, of Yale University, and P. A. Aebersold and Dr. E. O. Lawrence, of California.

## Experiments Held Up

Winnipeg's first blind widow is dead. The deadly spider, first ever found there, died before experiments Prof. R. A. Wardle of the University of Manitoba was contemplating could get under way.

Nearly 16,000,000 people in Great Britain earn less than \$750 a year.

## SUNDAY SCHOOL LESSON

MAY 17

## JESUS INSPIRES HONESTY

Golden text: Thou shalt not steal. Exodus 20:15.

Lesson: Luke 19.

Devotional reading: Psalm 15.

## Explanations And Comments

Jesus Inspires Honesty, Luke 19: 1-10. The publican or Commis-sioner of taxes, as we should call him, Zacchaeus by name, was rich, a fact which informs us that, like all such officials of the Roman government, he had made his money by extortion and dishonesty, for had he been honest he would have been poor. As Jesus was about to pass through Jericho on his way to Jerusalem, Zacchaeus realized that his shortness of stature would prevent his seeing him over the heads of the crowd that would gather. He was therefore perched on the sycamore tree standing by the side of the road, and Jesus must pass. This was not the sycamore tree known to-day in England, but a tree which has been described as a fig-mulberry because its fruit resembles the fig in appearance, and its leaves those of the mulberry. The tree was easily climbed, and had a short trunk and wide spreading branches.

When Jesus reached the tree he looked up and called Zacchaeus by name. "The tax-collector in Palestine, by reason of the nefarious system of the Roman government, was a gambler or rumseller stands with us. He was ostracized. No Jewish rabbi would have offered to stay at a publican's house, but Jesus said to Zacchaeus, "Make haste and come down; for to-day I must abide at thy house." His "must" was that of a shepherd who would care for his lost sheep. When Zacchaeus dropped from the branches with great joy and hastened homeward with Jesus the people murmured saying, "He is gone to lodge with a man that is a sinner." "Publicans and sinners" was a phrase in common use.

"To-day is salvation come to this house," said Jesus, "for as much as he also is a son of Abraham," that is, a worthy Jew. For the Son of man came to seek and to save that which was lost. Lost means out of place.

## Celebration Was Postponed

Nizam Of Hyderabad Soon To Mark Silver Jubilee

The Nizam of Hyderabad, reputed to have £10,000,000 as his annual personal income, £30,000,000 worth of jewels, and a total fortune amounting to £150,000,000 is rightly regarded the richest man in the world. This potentate was to have celebrated the Silver Jubilee of his ascension to the ancient throne in February, but the festivities were postponed owing to the death of King George VI. When the celebration does take place it will not only be one of the dazzling events in the history of the world. The jubilee procession, extending for three miles, will be the most magnificent affair in the crowded program. An army of elephants, hundred strong, decorated rainbow colors, bear the cost of their own uniforms and the picturesque uniforms of the military band will add color to this pageant. The Nizam himself will ride in his state coach of pure gold from his own famous Golconda mines. Over a million pounds will be spent on the occasion. There will be free banquets for thousands of people. People will flock to Hyderabad in expectation of the great dinner. Fifty thousand sheep and 10,000 oxen will be required to feed the "guests" who are expected to be not fewer than 500,000. According to the family tradition, the Nizam must supervise personally this largest feast in the world. It will take place all over his domains and will last a week. Where the Nizam cannot go in person his officers must act the host for him.

## Anglican Fund Restored

Amount Originally Lost In Western Canada Has Been Made Up

Ottawa.—All the funds originally lost in western Canada in 1893 had now been restored, according to a report of the restoration fund committee to the Anglican synod of the Ottawa diocese.

The original loss of endowment funds, on which depended much missionary work in western and northern dioceses, the pensions of aged clergymen, widows and orphans, and the work of St. John's college, Winnipeg, was approximately \$760,000. When the restoration fund campaign was launched, \$300,000 was added to the sum appealed for to augment the general synod pension fund.

Cornell University has a student from Shantung, China, named Mr. I; his first name is Fu and his middle name Te.

The world consumed approximately 275,000 ounces of platinum metals, including palladium, in 1935.

## YOUR GARDEN

Much of the real interest in gardening lies in trying something new. Of course, it is no pleasure to make over the whole garden each spring, nor should one abandon completely all those old favourites which have done well in the past, but with something entirely new each season interest will be lost. In a special part of every seed catalogue we listed the very latest creations in both flowers and vegetables. Certain flowers which were always double before now appear in a single type, or perhaps a new distinct color has been added. Giants have been dwarfed, like the new tiny Zinnias, or very much increased in height, added to something which a few years ago could only be secured in midge size. Practically all the leading flowers may now be secured in both doubles and singles and some of the latter, particularly in the Asters, are very desirable.

A good seed catalogue will prove indispensable. Realize that the times of blooming, whether they are suitable for such special purposes as edging, or for the garden's appearance, are all mentioned and vital facts in laying out a satisfactory garden. In the vegetable line the catalogue continues this useful service by listing different varieties under the heading of early, late and medium so that a succession of vegetables is possible right through the season. With unusual order, special attention is given to the care and preparation for the table.

The following seeds may be sown early in the open: Spinach, beets, carrots, radish, lettuce, cauliflower, nips and peas; seeds to be sown in the open after danger from frost is over: beans, corn, radish, turnips, potatoes, pumpkin and squash; seeds to be started in hot beds: cabbage, cauliflower, celery, tomatoes, peppers and egg plants. By spreading sowing of each early vegetable over a period of two to three weeks a large harvesting season is obtained.

In selecting a list of annual flowers after it has been paid of course, to time of blooming, color and height. But these are only elemental points. There are other, and finer distinctions. Certain shades blend well together and often a whole bed will be selected with this blending in mind. Of course for this sort of thing, all the plants must bloom during the same period. Fragrance should be taken into account, as there are some spicy things like Evening Scented Stock, Nicotiana, Mignonette, Sweet Sultan and Verbena. Certain plants are placed in plants, fill the whole garden with a delightful incense, especially in the evening. In the garden, Tuberosa rooted Begonias, Pansies and wild flowers will do well. In fact, they prefer this location to any other.

## Urged To Store Food

If Not Needed England Can Share With Others

Grow Food. Store Food! If war comes here, the enemy airplanes will follow the lines of the rivers, pointing like arrow-heads to the heart of the great seaports. The bombers will smash the docks, blow down the bridges, and cripple our overseas food supply. Where the cost of that huge dislocation of trade in the markets of the world will drive up prices in this country to near famine level. And if this fear passes, as all good men and women pray and labor that it will, then if our land is fertile and our hands are skilled we can give of our abundance, in humble thanksgiving, to those that sorely need it. Grow Food. Store Food!—London Daily Express.

## Guessed Exact Time

Two Men Are Winners In Alaska Ice Break-Up

Ice started moving in the Tanana river at the exact moment E. Miller and J. Covich predicted.

The break-up began at 12:58 p.m., April 30, the time fixed by the two Juneau men, who entered the guessing contest in Alaska along with some 72,000 others. The winners are expected to split around \$72,000. The movement was determined by a wire run from a pole frozen in the ice to a bell and clock on shore. When the ice moved, the pole broke, pulling the wire, ringing the bell and stopping the clock.

## Vimy Ridge Memorial

Canada's national memorial on Vimy Ridge will cost in the neighborhood of \$1,250,000. Defence Minister Mackenzie told T. L. Church (Cons., Toronto-Broadview) in the House of Commons that the cost of construction, together with building of roads, the preparation and laying out of the grounds incidental to the undertaking.

Radio sets made in Palestine are provided with wind cabins to extract and specially vented to withstand the heat and humidity.

China is to have a new fleet of coastwise steamers.

An international radio show will be held in Brussels, Belgium.

## Lacy Gloves Are A Joy To Crochet

PATTERN 5571

The well-gloved woman is proud to "show her hand" when gloves are as lacy and dainty as these. Crocheted so easily and quickly, you may have a different colored pair for each summer costume. The hands are in simple mesh, the novel cuffs formed of lacy rounds, the centres pointed up by tiny Irish crochet roses. They're smart in crochet cotton!

In pattern 5571 you will find complete instructions for making the gloves shown in a small, medium and large size (all given in one pattern); to obtain this pattern send 20 cents in stamps or coin (coin preferred) to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg.

There is no Alice Brooks pattern book published

## Local News

Alfred Tristan, an old school friend of James Ford, now living in Edmonton, called on him this week on his way to Vancouver.

Mr. and Mrs. George Brown of Three Bridges, Sussex, Eng., left this week for a trip to Canada, and will visit their son, G. A. Brown, of Sixth street, and Mrs. Brown.

Sam McDonald of Roosevelt, B. C., is visiting at the Grand Union for a few days, and also assisting in the house during the illness of William Bell, who has been laid up during the week.

Dr. W. G. Carpenter of Calgary Technical Institute addressed the school trustees of the Pass schools last week on the proposed new alignment of studies. No discussion took place on the proposed new central high school.

Sergeant Cawsey, R. C. M. P., and several constables are under two weeks confinement. Scarlet fever contracted by Constable Gamble is the reason. Sergeant Allan and Constable Bailey of Lethbridge have been sent up here for duty in the meantime.

Mr. A. Beck received word from Mr. John Scott of Toronto, formerly master mechanic at International Coal Co. Though he has been in indifferent health for some time, with the advent of summer he is feeling considerably better. Mr. and Mrs. Scott left here a few years ago for the east.

Hundreds of tickets for Bellevue celebration on May 25, have been sold, and each ticket gives ten votes towards the election of a May Queen, for which there are six candidates. The result of balloting will be declared after the closing time of noon on May 23. For the amateur contest on Monday, May 25, at 8 p.m. the first 40 entries will be accepted by W. Kerr, secretary. Remember, this celebration is for a good cause.

In a letter to Audrey Halliwell, Mrs. R. P. Borden, at present in London, stated they follow the local news with interest through The Journal, which reaches them regularly. They were as disappointed as much as Coleman people in the Canadians not winning the hockey championship, but wished them better luck for next season. A visit to the British Museum, to which she had taken Prue and Jane, proved most interesting and educational.

FOUND --- Ladies Chamois leather handbag, left in town hall. Owner may obtain same on paying for advt. at Journal.

Mrs. Elmer Jennings of Trail is the guest of her parents, Mr. and Mrs. Walter Nelson.

B. P. McEwen, jeweler, of Lethbridge, was here yesterday. He is considering opening in the store formerly occupied by S. W. Chahley. Mr. McEwen was previously in business here, leaving in 1917, and has since been in business in Hanna and Lethbridge, with a short period of service in 1917-18 in the R.A.F.

Four owners of cows from East Coleman were fined the costs of the court for allowing their animals to run at large within the town limits. James Ford, J. P., let them off with the costs as it was their first offence. An owner was fined \$2.50 and costs, also had to pay \$2.50 damages to the owner of a garden who complained. H. Snowden was the J. P. It doesn't pay to wait till the cows come home.

Robert Cromie, publisher of the Vancouver Sun, who died on Monday, is well remembered by weekly newspaper publishers for his address at the convention luncheon at Grouse Mountain Chalet, Vancouver, 1933. He had recently returned at that time from a trip to Russia and other European countries.

ANNE SHIRLEY, in

## "GINGER"

Thursday and Friday, May 21 and 22

DOUBLE PROGRAM

Zane Grey's "DRIFT FENCE"

with Larry "Buster" Crabbe, also

Johnny Downs, in "CORONADO"

Youth has its fling in the year's Most Joyous Musical

Some people are like the baobab tree which though skinned, keeps on growing. The business man with initiative usually lives to hear the court of ten on his inactive competitors.
